|                    | Voter Rationale: A vote AGAINST this item is warranted because the proposed remuneration report is below par in relation to market standards, particularly with regards to the downward adjustment mechanism to the exercise price under the warrant plan as well some of the assessment criteria in the short-term bonus plan. |           |             |                     |  |  |
